APPLICATION PROCESS OVERVIEW

Charter schools are part of the state's program of public education. All charter schools in Florida are public schools. A charter school may be formed by creating a new school or converting an existing public school to charter status. A person or entity wishing to open a charter school shall prepare and submit an application on the following model application form prepared by the Department of Education.

A. Application Components

1. Application Cover Sheet
2. Executive Summary (not to exceed 2 pages)
3. Narrative: The Narrative is the formal application to the sponsor and is a comprehensive description of the applicant's educational, operational, and financial plans. The application narrative (including applicable addendum information, but not including attachments, budget templates or additional information requested by Sponsor) is subject to the following strict page limits:
 - **110 pages (including question prompts) for applicants completing only this application or 140 pages** for applicants required to complete the Charter School Application Addendum (for replications or educational service providers). Application cover sheet and executive summary are excluded from the 110 page limit, as is a table of contents if included.
 - Pages must be formatted using one side of the page with no smaller than 1" margins, 12-point font and **single-spaced**.
4. Applicant History Worksheets:

The applicant history worksheet (DOE Form IEPC-M1A can be found at <http://www.fldoe.org/schools/school-choice/charter-schools/charter-school-reference>¹, Attachment DD) should be completed, if applicable, and will be reviewed by the sponsor for the purpose of determining whether the applicant has past performance that does or does not justify approval of the application.
5. Attachments:

Throughout the Narrative, specific documents are requested in addition to narrative answers. Attachments may not contain additional narrative unless specifically requested. A comprehensive list of the attachments is provided on p. 28 of this application. An applicant may include ten (10) pages of attachments in addition to those requested in the chart of attachments.
6. Statement of Assurances: This form must be signed by a duly authorized representative of the applicant group and submitted with the application for a charter school.

¹ If the link is not working please contact the Department's charter school office at 1-800-447-1636 for a copy of the form.

7. Board Member Information Forms: Each member of the governing board or proposed governing board should complete and sign a Board Member Information Form.
 8. Addendum: Applicants that are replicating an existing school, submitting a high-performing replication application pursuant to s. 1002.331, Florida Statutes, or proposing to contract with an Education Service Provider must complete the appropriate addendum sections.
 9. Capacity Interview: Applicants may have the opportunity to present their plan and demonstrate the team's capacity to open and maintain a high-quality charter school as well as to answer questions about their proposal. Any information or evidence from the capacity interview that is used by the sponsor as a basis for denial of the application must be properly documented by means of a recording or transcript.
- B. Plagiarism: Individuals and groups seeking the right and responsibility to educate public school children at public expense should be accountable to the highest standards of academic integrity. Plagiarism, including the copying of language from substantive portions any other charter application without proper attribution or authorization, is prohibited. In order to implement an existing curriculum, instructional framework, or educational model (e.g. Montessori, arts integration, project-based learning, blended learning, etc.) with fidelity, key concepts must be discussed. However, it is not acceptable to copy and paste this discussion or description from another source. A high-quality applicant team with the capacity to operate a high-quality school must be able to thoughtfully explain in their own words how they intend to educate children. Existing operators or applicants with their own previously submitted applications may use their own intellectual property without violating this provision.
- C. Refer to sponsor specific instructions as to additional information, policies, or procedures that may address the decision-making process.
- D. Before approving or denying any final application, the sponsor shall allow the applicant, upon receipt of written notification, at least 7 calendar days to make technical or nonsubstantive corrections and clarifications, including, but not limited to, excess pages pursuant to the page limits set forth in this form, corrections of grammatical, typographical, and like errors or missing signatures, if such errors are identified by the sponsor as cause to deny the final application. A sponsor may, at its discretion, receive and consider substantive revisions.
- E. Public Disclosure
All charter school proposal materials submitted to the [District] become public records pursuant to Chapter 119, Florida Statutes.
- F. Sponsor Priorities
Applicants are encouraged to review the Sponsor's website to determine if the Sponsor has identified any priorities as it relates to specific and unique needs which the charter school may address. Applicants are not required to address Sponsor priorities and failure to address Sponsor priorities may not be a basis for denial of an application.

Model Florida Charter School Application

Addendum

Instructions

This addendum to the Model Florida Charter School Application is required of any applicant seeking any of the following:

- Replication of existing schools or school models*
- School operation or management via contract with a third-party education service provider (ESP**)

*An applicant may be considered to be replicating an existing school design if: 1) the proposed school is substantially similar overall to at least one school, AND 2) the individuals or organization involved in the establishment and operation of the proposed school are deeply involved in the operation of the similar school(s). For example, a plan to implement a specific program, such as a widely-used curriculum, would not be categorized as the replication of an existing school design.

**An ESP is any third-party entity, whether non-profit or for-profit, that provides comprehensive education management services to a school via contract with the school's governing board.

Complete each section as applicable:

Addendum A – Applicants seeking to replicate an existing school or school model

Addendum A1 – Applicants seeking to replicate a high-performing charter school per s. 1002.331, F.S.

Addendum B – Applicants contracting with a third-party ESP

Applicants must complete all applicable sections of the addendum. Some applicants will be required to complete multiple addenda. Schools replicating a high-performing charter school pursuant to s. 1002.331, F.S., are not required to complete Addendum A.

Addendum A: REPLICATIONS

- A. Identify the existing school(s), including MSID number(s), to be replicated and provide evidence that the existing design has been effective in raising student achievement. The effectiveness of an existing school design should include evidence of the success of the academic program as well as organizational and financial viability. It should show a direct relationship between program elements and student achievement.
- B. Discuss the key components or non-negotiable elements of the educational program that make the school design what it is and that the operator will expect to remain consistent and essential to the successful replication of the model.
- C. Describe how the target population for the proposed school compares with the population(s) currently being served. Explain why the model will be effective and successful in raising student achievement with the applicant's target population.
- D. To the extent that the target population for the proposed school differs from the populations being served in existing schools, explain any anticipated modifications and adjustments to the educational program.
- E. Describe any other ways in which features of the proposed school's educational program will differ from that of the school(s) to be replicated. Explain the rationale for the change(s) and any new resources that the variation(s) will require.
- F. Discuss the plan for replication, including if the operator will need to acquire and allocate additional financial and human resources necessary to replicate the design successfully. If additional resources are necessary, describe the plan for securing.
- G. Discuss the results of any past replication efforts, if applicable, and lessons learned – including particular challenges or troubles encountered; how you have addressed them; and how you will avoid or minimize such challenges for the proposed school.

Evaluation Criteria: Replications

Reviewers will look for:

- Evidence that school or model to be replicated demonstrates academic, organizational, and financial success.
- A clear, compelling vision for what is being replicated in terms of essential components of the educational program.
- A convincing rationale for how the school or model to be replicated will successfully serve the proposed target student population.
- A strong justification for changing key components of the original school or model in the proposed school. Such justification should include why the changes will better suit the targeted student population and whether the model is still similar enough to the existing model that comparable successful outcomes are likely.
- Evidence that the applicant group has a sound plan for developing the capacity to replicate an existing school including adequate financial and human resources.
- If applicable, evidence of successful past replications or lessons learned from unsuccessful attempts at replication that will increase the probability that this replication will be successful.

Addendum A1: HIGH-PERFORMING REPLICATIONS

Addendum B: EDUCATION SERVICE PROVIDERS

An Education Service Provider (ESP) is an organization, either for-profit or nonprofit, that contracts with a charter school or a network of charter schools to provide comprehensive educational and business services. In addition to Addendum B, applicants must also complete Form IEPC-M1A if the governing board plans to contract with an ESP. The following section allows the applicant to demonstrate the ESP's track record of success and its ability to provide services for a new school(s).

ESP Selection

- A. Explain why the applicant is seeking to contract with an ESP rather than operate the school(s) directly.
- B. Explain how and why the ESP was selected. If this is the first time the applicant has contracted with this ESP, explain when and how the applicant learned of the ESP, what other ESPs were considered, and why the ESP was selected over other ESPs.
- C. For applicants working with an ESP for the first time, provide summary information from reference checks conducted by the applicant (regarding the ESP), identifying each reference.
- D. Describe whether and how the school's board has assessed the capacity of the ESP to successfully carry out the functions necessary to operate a high-quality charter school.

ESP Background

- A. Provide the mission of the ESP and an overview of the organization's strategic vision, including, if applicable, a five-year growth plan, and rationale for managing new schools.
- B. Identify the ESP's leadership team and their specific roles and responsibilities. Include as Attachment BB an organization chart for the ESP.

ESP Track Record

- A. Provide evidence of organizational capacity to open and operate high-quality schools in Florida and, if applicable, elsewhere in accordance with the overall growth plan. Outline specific timelines for building or deploying organizational capacity to support the proposed school. If the ESP intends to build capacity and add positions during the term of this proposed charter school, include an organizational chart of the proposed growth within the ESP leadership structure as Attachment CC.
- B. Provide a comprehensive listing of ESP-operated charter schools (current and past) by completing form IEPC-M1A, which can be found at <http://www.fldoe.org/schools/school-choice/charter-schools/charter-school-reference> and attach as Attachment DD.
- C. Explain the ESP's success in serving student populations similar to the target population of the school. Describe the ESP's demonstrated academic track record (provide specific academic results on all schools using Form IEPC-M1A, attached as Attachment DD).
- D. List and explain any management contract terminations as well as any charter revocations, non-renewals, withdrawals or non-openings that the ESP has experienced in the past five (5) years.

Legal Relationships

- A. Describe how the school's governing board is independent from the ESP and self-governing, including evidence of arm's-length negotiating.
- B. Explain whether the school has or will have any legal or contractual relationships with any subsidiaries or other entities or individuals that are affiliated⁴ with or owned in whole or in part by the ESP. If so, identify the nature of those entities' business activities and describe how the governing board will ensure that any such relationships will not pose a conflict of interest or hinder the board's authority or ability to terminate the contract with the ESP.
- C. Explain the supervisory responsibilities of the ESP (if any), including which school employees the ESP will supervise, how the ESP will supervise these employees, and how the school's governing board will oversee the ESP's supervisory responsibilities.
- D. If the school's governing board intends to enter into a financing agreement (promissory notes, loans, leases, lease-purchase agreements, other negotiable instruments, or any other facility or financing relationships) with the ESP:
 - Ensure that such agreements are or will be separately documented and not part of or incorporated in the school management contract and do not hinder the governing board's authority and practical ability to terminate the management agreement and continue operation of the school.
 - Provide evidence that the agreement was or will be reviewed by the governing board's independent legal counsel or attorney and subject to a fair market analysis.
 - Describe how such agreements will be repaid. Repayments should be reflected in the budget.

Organizational Structure

- A. Provide a description of the roles and responsibilities of the ESP. This may include whether and how the specific roles and responsibilities set forth below may or may not be provided by the ESP, in order to summarize school- and ESP-level responsibilities. If some portions of a function are the responsibility of both the ESP and the governing board, please explain. The description should align with the management agreement with the ESP and provide a clear picture of what the ESP is responsible for.

How often, and in what ways, will the board review and evaluate the ESP's progress toward achieving agreed-upon goals (e.g. external evaluator, surveys, or performance data analyses)? What are the conditions, standards, and procedures for board intervention, if the ESP's performance is deemed unsatisfactory?
- C. Describe the payment schedule, including all fees, bonuses, early termination penalties, and any other compensation to be paid to the ESP.

Explain the conditions and procedures (including time frames, notice, and decision-making procedures) for renewal and termination of the contract? Describe the conditions that both the ESP and the school must satisfy for the management agreement to be renewed. If these provisions are addressed in the management agreement, the applicant may cite the specific sections.
- F. Provide as Attachment EE, a draft of the proposed management agreement with the ESP.

Evaluation Criteria: Education Service Providers

Reviewers will look for:

- A clear explanation of the reasons for contracting with an education service provider and how and why the ESP was selected and a description of the due diligence employed to assess the capacity of the ESP.
- Sufficient evidence of the ESP's previous academic, organizational, and financial success and capacity for future success that make it more likely than not that it will be successful with the proposed school.
- Evidence of the ESP's organizational capacity to manage an additional school or schools as determined by its growth plan.
- A comprehensive list (Form IEPC-MIA) of all schools affiliated with the ESP and ensuing performance data used to support the selection of the ESP (past and current).
- Evidence of success working with similar populations to the target population. If there are deficiencies or lack of experience working with the target populations, then reviewers will look for a sufficient explanation of programmatic adjustments that will be made to ensure success with any new school(s).
- A clear delineation of the roles and responsibilities and decision-making authority of the school's governing board and the ESP, structured to ensure a clearly defined arm's-length, performance-based relationship that is free from conflicts of interest. This includes evidence that the school's governing board has a clear plan for holding the ESP accountable for negotiated performance.
- A clear delineation of the term of the management agreement, the conditions, grounds and procedures by which the agreement may be renewed and terminated, and a plan for continued operation of the school in the event of termination.
- A draft of the proposed contract with all key terms included.
