

# MIDDLE SCHOOL INSTRUCTIONAL FORM

Area: Multipurpose/Stage

Kathy Sanz, Randall Belcher

## I PROGRAM PHILOSOPHY

Same as the district's philosophy

## II. PROGRAM GOALS

Same as the district's philosophy

## III. PROGRAM ACTIVITIES

Serve as a large/small meeting area for the students/community population when the dividing partition is opened adjacent to the cafeteria. This area serves an instructional area for dramatics, music, physical education, and large group performances. It is also used for PTA and community meetings.

## IV. ORGANIZATIONAL NOMENCLATURE

Teacher-Student Ratio N/A  
Total No. of Teachers N/A  
Total No. of Paras N/A  
Grade/Age Levels N/A  
Student Capacity N/A  
Hours per day in use N/A

## V. INNOVATIONS

This facility should be adjacent to the cafeteria and divided by a high sound rated folding wall that is mechanically operated. Restroom facilities should be located nearby for evening meetings and for use by staff and students.

## VI. PROGRAM FACILITIES LIST

Fish Code	No. of Areas	Description of Area	No. of Staff Per Area	No. of Students Per Area	No. of Students Total	Net Sq. Ft. Per Unit	Net Sq. Ft. Total
361	1	Multipurpose Room				2282	2282
362		Chair Storage				147	147

## IX. SPECIAL CONSIDERATIONS

- (1) **H/C/V**  
Standard
- (2) **Acoustical**  
This area will need good acoustical treatment due its large group, varied use.
- (3) **Floor**  
Same as adjacent dining room

- (4) Walls**  
Concrete block that has epoxy paint for easy cleaning. There also should be a high sound rated folding partition dividing the multi-purpose room and dining.
- (5) Ceiling**  
Standard-comparable to cafeteria
- (6) Lighting**  
Same type used in the dining area with dimmer switch capability. Dimmer switch track lights will serve designated stage locations.
- (7) Windows**  
Standard windows with blinds/shades for light control when utilizing AV equipment.
- (8) Doors**  
A double access door is needed to the Multipurpose Room and should have the mullion capable for removal of props, musical equipment, etc.
- (9) Water**  
A refrigerated drinking fountain, and a janitor's closet should be closely available
- (10) Communications**  
There needs to be MATV wiring and two way office communication in the multipurpose room.
- (11) Electrical**  
Duplex outlets should be positioned at 10' centers along three walls.
- (12) Gas and Air**  
N/A
- (13) Safety**  
All safety requirements per SREF shall be included as well as CPTED principles
- (14) Fencing**  
N/A
- (17) Built-ins**  
One large pull down movie screen (10' x10') to be located on wall opposite dividing partition

# MULTIPURPOSE
