Creating Batch Report and submitting funds

Once all student payments are recorded, a Batch Report needs to be created to send to the school Bookkeeper with the money collected instead of the Monies Collected Form.

1. Select the  to the left of the school name.
2. Select  **Batches**. Your current batch will show with the date the first payment in that batch was recorded and will not show a close date.
3. To review the batch, select the  option. This will generate a pdf report to use to verify the funds collected match the batch total. The report is grouped between cash and checks showing a total of each.
 - a. Note: Credit card payments taken do not show in this batch. Credit card payments are batched separately as there is no review required by the teacher.
4. Once the report is verified to the funds collected,
 - a. To email the report, close the report window and select  from the prior screen. Enter your email address and your bookkeeper's email address separated by a semicolon ";". If the report is emailed to your bookkeeper, write the batch number on the envelope with the funds when given to the bookkeeper or placed in the overnight cash safe.
 - b. Alternatively, print the report, sign and date it and include with the funds provided to the bookkeeper or placed in the overnight cash safe.
