

Florida Teacher Classroom Supply Assistance Program Funds – Receipt Submission

Prepare receipts using the following guidelines prior to submission:

- Sign and date all receipts.
- All receipts must be detailed. If the receipt items ring up with a generic code or if it is a food item, write the items on the receipt. All food items require an explanation on how the item will be used in the classroom.
- Receipts can be scanned and saved to your computer as one of the following file types: PDF, JPG, DOCX. Multiple receipts may be combined and uploaded into Employee Self Service as one document.
- Documents can be scanned directly to email by using the school copier. The document(s) attached to the email (not the email itself) must be saved to your computer as PDF document(s) for importing into the Expense Reports module of Employee Self Service.
