HOME EDUCATION PROGRAM
Flex Education Enrollment Form for Non-Scholarship
Earning Home Education Students
Form valid for only one (1) school year

MIS Form #640
Rev.7/25

The Flex Education Program is for Personalized Education Program (PEP) and home education students in Pasco County to participate in up to three Advanced Placement courses offered in our public brick and mortar high schools and/or our public virtual school. This program is especially designed for students using Family Empowerment Scholarships (FES) or Florida Tax Credit (FTC) Scholarships but is open to all home education students.

This form serves as the agreement for enrollment as a part time student between Pasco County Schools and the home education student who does not have a scholarship.

Flex Education Program Guidelines:

1. Students may take up to 3 advanced placement courses at their residentially zoned school and/or Pasco eSchool. If the course is not offered at the zoned school, Pasco County Schools may consider permitting the student to attend the course at another school, based on availability.
2. Transportation is not provided by Pasco County Schools. The student must arrive at and depart from the campus according to times designated by the school administration.
3. Students are required to meet the registration criteria of Pasco County Schools.
4. The student must abide by all rules and regulations in the Pasco County School District's [Student Code of Conduct](#), including regulations for parking and driving on campus.
5. Students are considered part-time students and will be reported for FTE state funding as applicable, therefore tuition does not apply.
6. The student/family is responsible for any course related fees charged to full-time students enrolled in the same course.
7. Students are not eligible to earn a high school diploma from Pasco County Schools through this program.
