Project Description (include location, map, a	aerial, number of units):	

Rev. 7/26/06

Section 2: School Site(s) Requirements

Master Planned Unit Developments (MPUD) and Developments of Regional Impact (DRI) may require the conveyance of school site(s). It is the responsibility of the developer to contact the District School Board of Pasco County (DSBPC) to determine if a school site is needed. If no school site is needed, the School Board will provide a letter to the developer relieving the developer of any further obligation to provide school site(s). This letter does not relieve the developer from applicable school impact fee or school concurrency requirements. The said letter will be attached to this questionnaire and submitted to Growth Management Department by the developer once developer signs the last page of questionnaire. No further response is necessary. (Please check one of two items below)

School Board does not request a school site within the proposed project. Please do not complete the remainder of this questionnaire. Sign last page. Submit this uncompleted questionnaire to DSBPC Planning Department. School board requests a school site within the proposed project. Proceed with completing this questionnaire, sign last page and submit to DSBPC.

District School Board of Pasco County Contact Information: Department of Planning

Chris Williams, Supervisor of Planning cwilliam@pasco.k12.fl.us 11815 Treebreeze Dr.

Fax: 727/774-7993 TDD: 813/794-2484 New Port Richev, FL 34654

General Requirements for All School Sites

- All access to the school site(s) must be on public road(s).
- There must be at least two ingress/egress access points to and from the school from different roadways when feasible, and in compliance with applicable access management requirements.
- The road frontage(s) must be of adequate length to provide at least two ingress/egress access points in compliance with applicable access management requirements. (One for buses and another for student drop off)
- School site shall be adjacent to park/library sites and co-located when feasible.
- Developer shall convey at no cost to DSBPC real property for use as a school site subject to school impact fee credits where allowed by the Pasco County Ordinance for School Impact Fee.
- Said real property shall consist of completely buildable upland acreage.
- All conveyances required pursuant to this approval shall occur within 90 days of approval by BOCC of MPUD, rezoning & DRI Developmental Order.
