### Message from the Superintendent

The 2010-2011 school year is off to a great start, as we have a strong team of talented educators working throughout our schools every day. We are eager to partner with you to make this a successful school year for your child. One important way we can work together to maximize your child's potential is to reinforce the expectation of good attendance. When students prioritize being at school on time, they are more likely to have a successful experience. We appreciate your help in achieving this important goal.

Our theme for the year is *Learning in the 21st Century*. You will notice an emphasis on the integration of technology into your child's learning as we strive to prepare all students for the challenges of tomorrow and provide equitable access to the tools he or she will need for success. Additionally, our focus is on developing the 21st Century Literacy skills that are needed in our ever-changing world. We want to help our students become better problem solvers, engaged in the world around them and equipped with the critical thinking skills that are needed for analyzing, developing innovative solutions and sharing their creativity with others. Today's students are tomorrow's leaders and we are fostering a supportive learning environment that will help them to reach their dreams.

As we immerse students in an enriching educational environment, we will be expanding the availability of digital learning content. With the use of these resources comes the need for a higher level of personal responsibility for students. We want to help your child develop an understanding of how to navigate online resources in a responsible and safe manner. As part of the cultivation of those skills, we will enforce high expectations that all students will appropriately use these tools to enhance their education. Your help in reminding your child to use technology in an appropriate manner would be greatly appreciated.

As you are probably aware, our District still faces significant financial challenges. In addition to a third consecutive year of multi-million dollar budget shortfalls, districts throughout the state are required to implement the final phase of the class size amendment this year. Despite these challenges, we remain committed to prioritizing the needs of students and ensuring a high quality educational experience for the children of Pasco County.

Again, thank you for your support of our school district. We look forward to working with you to maximize your child's success this year.

Heather Fiorentino, Superintendent of Schools

## Message from the Principal

Chasco Elementary School is pleased to report that the 2009 - 2010 school year was a successful one. Our school once again received the Golden School Award for volunteer participation and the Five Star School Award for outstanding community involvement. Our teachers are highly motivated, driven by professional development and dedicated to differentiating instruction and implementing research-based practices. At Chasco Elementary, the staff is committed to creating a positive and challenging learning environment that allows all students to be successful and reach their highest potential. We recognize the importance of family and community involvement in our students' experiences so we offer many events and workshops to foster that participation.

## School Mission Statement

At Chasco Elementary, we are a family of lifelong learners who are preparing for our ever-changing world.

## School Improvement Plan 2010-2011

During the 2009 - 2010 school year, Chasco Elementary School focused on increased student performance in all academic areas. Our focused strategies to meet this goal included: monthly writing prompts with quarterly progress monitoring, increased exposure to non-fiction text, and math problem solving through authentic experiences. This year's successes were in our 3rd grade FCAT Reading proficiency which increased by nine percent, third and fourth grade Math proficiency which increased three percent, and grade four FCAT Writing scores that demonstrated 91% of our students proficient. Throughout the year, we will continue to progress monitor and analyze our student data in order to ensure that our students are on course to meet our high expectations for student achievement. We will also continue to review and monitor our established school improvement goals so that our staff is focused and professionally developed in order to prove our school improvement initiatives have a positive impact on our students' progress.
