#### Message from the Superintendent

The 2010-2011 school year is off to a great start, as we have a strong team of talented educators working throughout our schools every day. We are eager to partner with you to make this a successful school year for your child. One important way we can work together to maximize your child's potential is to reinforce the expectation of good attendance. When students prioritize being at school on time, they are more likely to have a successful experience. We appreciate your help in achieving this important goal.

Our theme for the year is *Learning in the 21st Century*. You will notice an emphasis on the integration of technology into your child's learning as we strive to prepare all students for the challenges of tomorrow and provide equitable access to the tools he or she will need for success. Additionally, our focus is on developing the 21st Century Literacy skills that are needed in our ever-changing world. We want to help our students become better problem solvers, engaged in the world around them and equipped with the critical thinking skills that are needed for analyzing, developing innovative solutions and sharing their creativity with others. Today's students are tomorrow's leaders and we are fostering a supportive learning environment that will help them to reach their dreams.

As we immerse students in an enriching educational environment, we will be expanding the availability of digital learning content. With the use of these resources comes the need for a higher level of personal responsibility for students. We want to help your child develop an understanding of how to navigate online resources in a responsible and safe manner. As part of the cultivation of those skills, we will enforce high expectations that all students will appropriately use these tools to enhance their education. Your help in reminding your child to use technology in an appropriate manner would be greatly appreciated.

As you are probably aware, our District still faces significant financial challenges. In addition to a third consecutive year of multi-million dollar budget shortfalls, districts throughout the state are required to implement the final phase of the class size amendment this year. Despite these challenges, we remain committed to prioritizing the needs of students and ensuring a high quality educational experience for the children of Pasco County.

Again, thank you for your support of our school district. We look forward to working with you to maximize your child's success this year.

## Message from the Principal

The Hudson Middle School family made up of students, parents, faculty, and staff is truly dedicated to learning! This dedication was demonstrated in the 2009 – 2010 school year when the school earned a school grade of an “A.” The Cougars will continue to make tracks by working together to assist students in finding academic success. I am very proud to be a part of a team and community that make a difference in the lives of our students and look forward to an exciting school year.

## School Mission Statement

Our mission is to provide the necessary tools for students to thrive academically, socially, and emotionally. We strive to create a school atmosphere where trust and respect are paramount and where family and community are actively involved. Our students will be prepared for the future.

## School Improvement Plan 2010-2011

Hudson Middle School made great strides toward our School Improvement Goals in 2009-2010. The school focus was on improving performance in math and science. As a result, several research-based strategies including Learning Focused Strategies, Writing across the curriculum, and vocabulary in context were implemented.

Our focus on science and mathematics resulted in increased learning gains! In mathematics the students' learning gains increased by 5%. Students scoring proficiently in math, level 3 and above, also increased by 6%. Students also showed significant gains in science where students scoring 3 and above increased by 4%.

HMS continued its trend in family and community involvement by being named a Five Star School for the seventh year in a row. Technology continued to be a focus with increased use Smart Boards, LCD projectors, and the district's interactive learning web site. Our continued technological focus will improve teaching and assist our students in preparing for the 21st century.
