Message from the Superintendent

The 2010-2011 school year is off to a great start, as we have a strong team of talented educators working throughout our schools every day. We are eager to partner with you to make this a successful school year for your child. One important way we can work together to maximize your child's potential is to reinforce the expectation of good attendance. When students prioritize being at school on time, they are more likely to have a successful experience. We appreciate your help in achieving this important goal.

Our theme for the year is *Learning in the 21st Century*. You will notice an emphasis on the integration of technology into your child's learning as we strive to prepare all students for the challenges of tomorrow and provide equitable access to the tools he or she will need for success. Additionally, our focus is on developing the 21st Century Literacy skills that are needed in our ever-changing world. We want to help our students become better problem solvers, engaged in the world around them and equipped with the critical thinking skills that are needed for analyzing, developing innovative solutions and sharing their creativity with others. Today's students are tomorrow's leaders and we are fostering a supportive learning environment that will help them to reach their dreams.

As we immerse students in an enriching educational environment, we will be expanding the availability of digital learning content. With the use of these resources comes the need for a higher level of personal responsibility for students. We want to help your child develop an understanding of how to navigate online resources in a responsible and safe manner. As part of the cultivation of those skills, we will enforce high expectations that all students will appropriately use these tools to enhance their education. Your help in reminding your child to use technology in an appropriate manner would be greatly appreciated.

As you are probably aware, our District still faces significant financial challenges. In addition to a third consecutive year of multi-million dollar budget shortfalls, districts throughout the state are required to implement the final phase of the class size amendment this year. Despite these challenges, we remain committed to prioritizing the needs of students and ensuring a high quality educational experience for the children of Pasco County.

Again, thank you for your support of our school district. We look forward to working with you to maximize your child's success this year.

Message from the Principal

Mitty P. Locke had an exciting and productive year in 2009-2010. Due to the dedication of our staff, students, and families we have been awarded the Five-Star School Award for the eleventh year in a row and earned the Golden School Award for exemplary parent/school partnerships in education for the ninth consecutive year. Our learning environment has been carefully structured to meet the needs of all students ranging from gifted to our students with disabilities where a majority are served in an inclusion setting. Our teachers have been trained and continue to be coached in “Best Teaching Practices” when implementing the Sunshine State Standards, the guiding focus of our curriculum. You can be assured that the entire Locke staff and I will continue to work hard for your child(ren).

School Mission Statement

The faculty and staff of Mitty P. Locke believe that providing a safe and risk-free environment, supporting diverse needs, and making instruction challenging and meaningful for our students will nurture a passion for lifelong learning.

School Improvement Plan 2010-2011

Mitty P. Locke accomplished our adequate progress goals by achieving our goals and strategies in the following areas of Student Performance. Using the State of Florida School Grading System, 77 percent of Mitty P. Locke's third, fourth and fifth grade students are meeting high standards in reading. In math, 75 percent of all third, fourth and fifth grade students are meeting high standards. In writing, 82 percent of our fourth grade students are meeting high standards according to the FCAT Writes Assessment. In science, for the fifth year in a row, our fifth grade students outscored the district and state on the science portion of the FCAT.

The faculty and staff received specific training in the following areas: Response to Intervention, Six Traits of Writing, Guided Reading and Early Literacy Skills, Data Decision Making, and additional job embedded staff development as specified in our School Improvement Plan. Through action research and weekly study group meetings, Locke teachers continue to investigate 21st Century learner techniques and implement best teaching practices.
