New River Elementary School

Principal: Lynn Pabst

Message from the Superintendent

The 2010-2011 school year is off to a great start, as we have a strong team of talented educators working throughout our schools every day. We are eager to partner with you to make this a successful school year for your child. One important way we can work together to maximize your child's potential is to reinforce the expectation of good attendance. When students prioritize being at school on time, they are more likely to have a successful experience. We appreciate your help in achieving this important goal.

Our theme for the year is *Learning in the 21st Century*. You will notice an emphasis on the integration of technology into your child's learning as we strive to prepare all students for the challenges of tomorrow and provide equitable access to the tools he or she will need for success. Additionally, our focus is on developing the 21st Century Literacy skills that are needed in our ever-changing world. We want to help our students become better problem solvers, engaged in the world around them and equipped with the critical thinking skills that are needed for analyzing, developing innovative solutions and sharing their creativity with others. Today's students are tomorrow's leaders and we are fostering a supportive learning environment that will help them to reach their dreams.

As we immerse students in an enriching educational environment, we will be expanding the availability of digital learning content. With the use of these resources comes the need for a higher level of personal responsibility for students. We want to help your child develop an understanding of how to navigate online resources in a responsible and safe manner. As part of the cultivation of those skills, we will enforce high expectations that all students will appropriately use these tools to enhance their education. Your help in reminding your child to use technology in an appropriate manner would be greatly appreciated.

As you are probably aware, our District still faces significant financial challenges. In addition to a third consecutive year of multi-million dollar budget shortfalls, districts throughout the state are required to implement the final phase of the class size amendment this year. Despite these challenges, we remain committed to prioritizing the needs of students and ensuring a high quality educational experience for the children of Pasco County.

Again, thank you for your support of our school district. We look forward to working with you to maximize your child's success this year.

Heather Fiorentino
Superintendent

Heather Fiorentino, Superintendent of Schools

Message from the Principal

New River Elementary is a school that exemplifies the word “community”. Every day this educational community focuses on providing opportunities for students and their families that are academic, yet provide what each student/family needs at any given time. This year we offered Enrichment Clubs in which over 90 students participated in activities after school that differed from their regular classroom curriculum. Academic recognition came to the school in the area of math. NRES achieved first place in Pasco County, in the national *First in Math* problem-solving program. Two summer academic opportunities were also offered, Kindergarten Camp and Camp Discovery (Hands-on Science) were well attended by students.

New River Elementary continues to grow in numbers. But, more importantly growth is occurring for students thanks to the collaboration between the outstanding staff and NRES families working together to benefit all students.

School Mission Statement

The New River Elementary School Community is a safe, positive, collaborative, learning environment focused on creating life-long learners who will achieve their highest potential.

Learning Environment

The District School Board of Pasco County provides an environment conducive to teaching and learning.

School Improvement Plan 2010-2011

The focus of the Continuous Improvement Plan for the 2009-10 school year was on improving student achievement through differentiating instruction in the areas of math and reading. FCAT scores showed that there was an increase in learning gains for our fourth/fifth graders in the area of math. The FCAT Writes scores also improved over previous years.

Parent Involvement continue to be a focus for NRES, there was over a 50 percent increase in attendance at our family academies. Thanks to the many volunteers at the school, New River Elementary was also named as a Five Star for the third year in a row. PTA Membership has also grown. Looking toward the future. Excitement is building about the possibility of having a Pod Parent Volunteer program that would provide assistance to our outstanding teaching staff.

Teachers and Staff

The schools, district and state ensure professional teachers and staff.

Total Number of Instructional Staff
35

Number of newly-hired instructional staff members and administrators at this school:
10

Percentage of out-of-field teachers in 2009-2010:
3.1

Percent of instructional/administrative staff who were newly hired in 2009-2010:

School	District	State
27.0%	13.3%	14.8%

Degree Level of Teachers

	Bachelor's Degree	Post-Graduate Degree
School	78.1%	21.9%
Districtwide	69.2%	30.8%
Statewide	65.3%	34.7%

Family and Community Involvement

Families and community members are encouraged to volunteer in our schools. There are many areas in which volunteers assist: assisting teachers, working with students, supervising students, and helping with school activities to name just a few. To register to be a volunteer at a school go to www.pasco.k12.fl.us and click on the Volunteer Application.

Family and community involvement make a significant difference in a child's success.

Pasco County is proud to have 192 National Board Certified Teachers employed in our schools.

Volunteer Hours

Number of hours volunteered at this school during the 2009-2010 school year:
1,436

Number of hours volunteered district wide during the 2009-2010 school year:
361,704

Student Performance

Our students successfully compete at the highest levels nationally and internationally and are prepared to make well-reasoned and healthy lifelong decisions.
