Message from the Superintendent

The 2010-2011 school year is off to a great start, as we have a strong team of talented educators working throughout our schools every day. We are eager to partner with you to make this a successful school year for your child. One important way we can work together to maximize your child's potential is to reinforce the expectation of good attendance. When students prioritize being at school on time, they are more likely to have a successful experience. We appreciate your help in achieving this important goal.

Our theme for the year is *Learning in the 21st Century*. You will notice an emphasis on the integration of technology into your child's learning as we strive to prepare all students for the challenges of tomorrow and provide equitable access to the tools he or she will need for success. Additionally, our focus is on developing the 21st Century Literacy skills that are needed in our ever-changing world. We want to help our students become better problem solvers, engaged in the world around them and equipped with the critical thinking skills that are needed for analyzing, developing innovative solutions and sharing their creativity with others. Today's students are tomorrow's leaders and we are fostering a supportive learning environment that will help them to reach their dreams.

As we immerse students in an enriching educational environment, we will be expanding the availability of digital learning content. With the use of these resources comes the need for a higher level of personal responsibility for students. We want to help your child develop an understanding of how to navigate online resources in a responsible and safe manner. As part of the cultivation of those skills, we will enforce high expectations that all students will appropriately use these tools to enhance their education. Your help in reminding your child to use technology in an appropriate manner would be greatly appreciated.

As you are probably aware, our District still faces significant financial challenges. In addition to a third consecutive year of multi-million dollar budget shortfalls, districts throughout the state are required to implement the final phase of the class size amendment this year. Despite these challenges, we remain committed to prioritizing the needs of students and ensuring a high quality educational experience for the children of Pasco County.

Again, thank you for your support of our school district. We look forward to working with you to maximize your child's success this year.

Message from the Principal

Quail Hollow Elementary students, staff and community members form a community of learners working together in a child centered family atmosphere. Students work together in multi-age classrooms at their instructional level. Many opportunities are provided for parents to be involved in their child's education through the PTO, field trips, volunteering in our school and at school functions.

Students and staff give back to the community through service projects such as raising funds for Relay for Life and our own Assist, Believe & Care committee. We have an active and dedicated Parent Teacher Organization and School Advisory. As a result of these efforts, QHES received the Golden School Award and the Five Star School Award from the Florida Department of Education.

School Mission Statement

At Quail Hollow Elementary School, we are committed to being a community of learners; where students, staff, families and the community are actively engaged in the process of learning. We provide a safe and nurturing environment that promotes high levels of growth for our students.

School Improvement Plan 2010-2011

Our school improvement plan emphasizes improvement in reading in all content areas as well as increased achievement in all other content areas. The instructional staff meet quarterly to review student performance data for the purpose of directing instruction in those areas identified as meeting improvement.

In the area of reading, 78% of QHES students tested met high standards. In math, 74% of QHES students tested met high standards. In writing, 79% of QHES students tested met high standards. In science, 62% of QHES students tested met high standards and outscored the district and state on the science portion of the FCAT.

Our school earned an "A" from the State of Florida for the third year in a row and satisfied 85 percent of the criteria for Adequate Yearly Progress as determined by the Federal No Child Left Behind Act.
