#### Message from the Superintendent

The 2010-2011 school year is off to a great start, as we have a strong team of talented educators working throughout our schools every day. We are eager to partner with you to make this a successful school year for your child. One important way we can work together to maximize your child's potential is to reinforce the expectation of good attendance. When students prioritize being at school on time, they are more likely to have a successful experience. We appreciate your help in achieving this important goal.

Our theme for the year is *Learning in the 21st Century*. You will notice an emphasis on the integration of technology into your child's learning as we strive to prepare all students for the challenges of tomorrow and provide equitable access to the tools he or she will need for success. Additionally, our focus is on developing the 21st Century Literacy skills that are needed in our ever-changing world. We want to help our students become better problem solvers, engaged in the world around them and equipped with the critical thinking skills that are needed for analyzing, developing innovative solutions and sharing their creativity with others. Today's students are tomorrow's leaders and we are fostering a supportive learning environment that will help them to reach their dreams.

As we immerse students in an enriching educational environment, we will be expanding the availability of digital learning content. With the use of these resources comes the need for a higher level of personal responsibility for students. We want to help your child develop an understanding of how to navigate online resources in a responsible and safe manner. As part of the cultivation of those skills, we will enforce high expectations that all students will appropriately use these tools to enhance their education. Your help in reminding your child to use technology in an appropriate manner would be greatly appreciated.

As you are probably aware, our District still faces significant financial challenges. In addition to a third consecutive year of multi-million dollar budget shortfalls, districts throughout the state are required to implement the final phase of the class size amendment this year. Despite these challenges, we remain committed to prioritizing the needs of students and ensuring a high quality educational experience for the children of Pasco County.

Again, thank you for your support of our school district. We look forward to working with you to maximize your child's success this year.

## Message from the Principal

River Ridge Middle School continues its tradition of excellence as our staff members work tirelessly to create an exemplary middle school experience for our students. River Ridge Middle School remains focused on providing students with opportunities to demonstrate academic and social success. Our students perform consistently in reading and math. We are proud of these achievements, as they are a direct result of the hard work and dedication of students, staff, and parents. Our goal is to continue to provide all students at River Ridge Middle School many opportunities to reach their highest potential!

## School Mission Statement

Our mission is to provide the highest degree of instructional excellence while recognizing the unique needs and developing the abilities of every student. Through the cooperative efforts of family, school, and the community, students will prepare to be responsible, productive citizens, and lifelong learners.

## School Improvement Plan 2010-2011

We are pleased with the results of our School Improvement Plan. Our students scores demonstrated increases in the percentage of students meeting high standards in math and writing. River Ridge Middle School will continue to seek ways to maintain positive relationships among students, parents, teachers, staff, and community partners. In preparing for the 2010-11 school year, we have reflected upon student performance data and have refined our tiered levels of support and interventions in our work to prepare our students to be responsible, productive citizens, and lifelong learners.
