#### Message from the Superintendent

The 2010-2011 school year is off to a great start, as we have a strong team of talented educators working throughout our schools every day. We are eager to partner with you to make this a successful school year for your child. One important way we can work together to maximize your child's potential is to reinforce the expectation of good attendance. When students prioritize being at school on time, they are more likely to have a successful experience. We appreciate your help in achieving this important goal.

Our theme for the year is *Learning in the 21st Century*. You will notice an emphasis on the integration of technology into your child's learning as we strive to prepare all students for the challenges of tomorrow and provide equitable access to the tools he or she will need for success. Additionally, our focus is on developing the 21st Century Literacy skills that are needed in our ever-changing world. We want to help our students become better problem solvers, engaged in the world around them and equipped with the critical thinking skills that are needed for analyzing, developing innovative solutions and sharing their creativity with others. Today's students are tomorrow's leaders and we are fostering a supportive learning environment that will help them to reach their dreams.

As we immerse students in an enriching educational environment, we will be expanding the availability of digital learning content. With the use of these resources comes the need for a higher level of personal responsibility for students. We want to help your child develop an understanding of how to navigate online resources in a responsible and safe manner. As part of the cultivation of those skills, we will enforce high expectations that all students will appropriately use these tools to enhance their education. Your help in reminding your child to use technology in an appropriate manner would be greatly appreciated.

As you are probably aware, our District still faces significant financial challenges. In addition to a third consecutive year of multi-million dollar budget shortfalls, districts throughout the state are required to implement the final phase of the class size amendment this year. Despite these challenges, we remain committed to prioritizing the needs of students and ensuring a high quality educational experience for the children of Pasco County.

Again, thank you for your support of our school district. We look forward to working with you to maximize your child's success this year.

## Message from the Principal

San Antonio Elementary School provides a safe, nurturing, and child centered environment focused on meeting the needs of ALL students. Our highly skilled faculty is committed to providing high quality research-based instruction and using data over time to drive educational decision-making. We value our parent and community partners, and as a result of these relationships, our school earned both the Five Star School Award and the Golden School Award for the 2009-2010 school year. All stakeholders have high expectations for student success, and provide unyielding support and encouragement in order to assist each child in becoming a lifelong learner.

## School Mission Statement

San Antonio Elementary will provide a quality, enriched education with high expectations of success for all in a safe, positive, and motivating environment.

## School Improvement Plan 2010-2011

During the 2009-2010 school year, teachers at San Antonio Elementary School focused on providing high quality instruction to all students in all content areas. The staff participated in job embedded professional development aligned to best practice strategies, which included explicit vocabulary instruction, graphic organizers, summarizing, and writing in the content areas. The staff also worked on refining the use of formative and summative assessments to make important educational decisions about students in our school, on each team, and in each classroom. Differentiated instruction and acceleration strategies were utilized to provide to specific interventions to at-risk students, as well as enrichment and extension to our proficient learners. Finally, all teachers worked together to ensure inclusion opportunities to our students with disabilities in the general education setting to promote high learning gains for these and all students.
