District School Board of Pasco County 2010-2011 School Profile

Seven Springs Elementary School

Principal: Vicki Garner

Message from the Superintendent

The 2010-2011 school year is off to a great start, as we have a strong team of talented educators working throughout our schools every day. We are eager to partner with you to make this a successful school year for your child. One important way we can work together to maximize your child's potential is to reinforce the expectation of good attendance. When students prioritize being at school on time, they are more likely to have a successful experience. We appreciate your help in achieving this important goal.

Our theme for the year is *Learning in the 21st Century*. You will notice an emphasis on the integration of technology into your child's learning as we strive to prepare all students for the challenges of tomorrow and provide equitable access to the tools he or she will need for success. Additionally, our focus is on developing the 21st Century Literacy skills that are needed in our ever-changing world. We want to help our students become better problem solvers, engaged in the world around them and equipped with the critical thinking skills that are needed for analyzing, developing innovative solutions and sharing their creativity with others. Today's students are tomorrow's leaders and we are fostering a supportive learning environment that will help them to reach their dreams.

As we immerse students in an enriching educational environment, we will be expanding the availability of digital learning content. With the use of these resources comes the need for a higher level of personal responsibility for students. We want to help your child develop an understanding of how to navigate online resources in a responsible and safe manner. As part of the cultivation of those skills, we will enforce high expectations that all students will appropriately use these tools to enhance their education. Your help in reminding your child to use technology in an appropriate manner would be greatly appreciated.

As you are probably aware, our District still faces significant financial challenges. In addition to a third consecutive year of multi-million dollar budget shortfalls, districts throughout the state are required to implement the final phase of the class size amendment this year. Despite these challenges, we remain committed to prioritizing the needs of students and ensuring a high quality educational experience for the children of Pasco County.

Again, thank you for your support of our school district. We look forward to working with you to maximize your child's success this year.

Heather Fiorentino
Superintendent

Heather Fiorentino, Superintendent of Schools

Message from the Principal

On behalf of our teachers, staff, and students I would like to thank you for taking time to learn more about the school we love, Seven Springs Elementary! Seven Springs opened its doors to its first students in 1987, reached the peak of its population in 1999 with 1200 students, and now welcomes 550 children each school day. We provide a quality education to students in Pre-K through fifth grade using best practices and high expectations to increase student achievement while still respecting the needs of each individual. We offer opportunities for parent involvement through our School Advisory Council, PTA, and our award winning Volunteer Program. Seven Springs has also been recognized by the District School Board of Pasco County as a winner of the Five Star School Award for 11 consecutive years. We love the work we do and are honored to serve our community.

School Mission Statement

We believe the growth of a child is fostered by the school, home, and community working harmoniously in developing relevant life goals and values. It is our responsibility to provide a positive learning environment for all students which allows individual characteristics to be appreciated and successful experiences to be ensured.

Learning Environment

The District School Board of Pasco County provides an environment conducive to teaching and learning.

School Improvement Plan 2010-2011

Our school's 2009-2010 School Improvement Plan focused on increasing student achievement in Reading, Writing, Math, and Science. Assessment results from 2010 indicated a slight increase of students meeting high standards in math, with third grade students increasing 10 percent from the previous year. Seventy-seven percent of students demonstrated proficiency in reading, with third grade students increasing 11 percent. In writing, 72 percent of fourth grade students performed at a proficient level. Additionally, the percentage of students demonstrating proficiency in Science increased 22 percent from the previous year. The significant increases in performance earned Seven Springs Elementary a 'B' rating under the state of Florida's School Grading System.
