Message from the Superintendent

The 2010-2011 school year is off to a great start, as we have a strong team of talented educators working throughout our schools every day. We are eager to partner with you to make this a successful school year for your child. One important way we can work together to maximize your child's potential is to reinforce the expectation of good attendance. When students prioritize being at school on time, they are more likely to have a successful experience. We appreciate your help in achieving this important goal.

Our theme for the year is *Learning in the 21st Century*. You will notice an emphasis on the integration of technology into your child's learning as we strive to prepare all students for the challenges of tomorrow and provide equitable access to the tools he or she will need for success. Additionally, our focus is on developing the 21st Century Literacy skills that are needed in our ever-changing world. We want to help our students become better problem solvers, engaged in the world around them and equipped with the critical thinking skills that are needed for analyzing, developing innovative solutions and sharing their creativity with others. Today's students are tomorrow's leaders and we are fostering a supportive learning environment that will help them to reach their dreams.

As we immerse students in an enriching educational environment, we will be expanding the availability of digital learning content. With the use of these resources comes the need for a higher level of personal responsibility for students. We want to help your child develop an understanding of how to navigate online resources in a responsible and safe manner. As part of the cultivation of those skills, we will enforce high expectations that all students will appropriately use these tools to enhance their education. Your help in reminding your child to use technology in an appropriate manner would be greatly appreciated.

As you are probably aware, our District still faces significant financial challenges. In addition to a third consecutive year of multi-million dollar budget shortfalls, districts throughout the state are required to implement the final phase of the class size amendment this year. Despite these challenges, we remain committed to prioritizing the needs of students and ensuring a high quality educational experience for the children of Pasco County.

Again, thank you for your support of our school district. We look forward to working with you to maximize your child's success this year.

Message from the Principal

Veterans Elementary enjoyed many successes this past year. Students were assigned to multiage teams dedicated to creating a safe and positive learning environment where students were constantly challenged to go above and beyond. As a result of this school wide focus on high expectations and excellence, our students made outstanding academic growth. Veterans Elementary earned a school grade of "A" from the Florida School Recognition Program and met federal guidelines for Adequate Yearly Progress in Reading and Writing for the second year in a row. Our PTA provided many opportunities for families to become involved in the school and our School Advisory Council monitored the implementation of our school goals.

School Mission Statement

Veterans Elementary School will build a collaborative community of learners that empowers excellence through a safe and positive learning environment.

School Improvement Plan 2010-2011

This year our school goals focused on collaboration and excellence for all. Teachers utilized best teaching practices in the design, content and delivery of instruction focused on the Next Generation Sunshine State Standards in all academic areas. Students were always encouraged to be active participants in their learning. Student assessment data was used to guide instruction in meeting the needs of individual students. Based on FCAT data, our students scored at or above the district average in Reading, Writing, Math and Science. Veterans Elementary students made positive contributions to the surrounding community by "adopting" and supporting various community organizations. Great parent volunteers and community support helped us earn The Golden School Award and the prestigious Five Star School Award for the second year in a row.
