Message from the Superintendent

The 2010-2011 school year is off to a great start, as we have a strong team of talented educators working throughout our schools every day. We are eager to partner with you to make this a successful school year for your child. One important way we can work together to maximize your child's potential is to reinforce the expectation of good attendance. When students prioritize being at school on time, they are more likely to have a successful experience. We appreciate your help in achieving this important goal.

Our theme for the year is *Learning in the 21st Century*. You will notice an emphasis on the integration of technology into your child's learning as we strive to prepare all students for the challenges of tomorrow and provide equitable access to the tools he or she will need for success. Additionally, our focus is on developing the 21st Century Literacy skills that are needed in our ever-changing world. We want to help our students become better problem solvers, engaged in the world around them and equipped with the critical thinking skills that are needed for analyzing, developing innovative solutions and sharing their creativity with others. Today's students are tomorrow's leaders and we are fostering a supportive learning environment that will help them to reach their dreams.

As we immerse students in an enriching educational environment, we will be expanding the availability of digital learning content. With the use of these resources comes the need for a higher level of personal responsibility for students. We want to help your child develop an understanding of how to navigate online resources in a responsible and safe manner. As part of the cultivation of those skills, we will enforce high expectations that all students will appropriately use these tools to enhance their education. Your help in reminding your child to use technology in an appropriate manner would be greatly appreciated.

As you are probably aware, our District still faces significant financial challenges. In addition to a third consecutive year of multi-million dollar budget shortfalls, districts throughout the state are required to implement the final phase of the class size amendment this year. Despite these challenges, we remain committed to prioritizing the needs of students and ensuring a high quality educational experience for the children of Pasco County.

Again, thank you for your support of our school district. We look forward to working with you to maximize your child's success this year.

Message from the Principal

Wesley Chapel Elementary had another successful school year. We received the Golden School Award for the eighth year in a row. The Big Brothers/Big Sisters program between Wesley Chapel High and our elementary school continued to grow. Our students were district winners at the Science Fair, and were recognized at the Odyssey of the Mind World Competition. Wesley Chapel Elementary was recognized as a Bronze Level School by the Alliance for a Healthier Generation. Our school participated and experienced success in several school-wide read-alongs. We held workshops and trainings for our parents in the areas of third grade expectations, FCAT, and reading strategies. Wesley Chapel Elementary is a great school!

School Mission Statement

In our quest for excellence, the staff at WCES will provide a challenging curriculum, within a safe environment, that encourages all students to reach their highest potential. Our students will become lifelong learners and productive citizens with the support of family and community.

School Improvement Plan 2010-2011

The School Improvement Plan contained the goal area of Student Performance. Students were successful and showed continued growth across multiple academic areas. Student achievement results indicate strong performance achievement in the area of Math. Seventy-eight percent of grade three through five students scored at level three or above. In the area of Writing, eighty-eight percent of students met high standards. These goals were met with strategies focused on professional development for teachers. Lastly, researched-based classroom materials and resources were purchased for teacher and student use.
