Instructional Personnel Observation/Evidence Tool for Access Points Settings

Access Points Settings: Lesson Segments Enacted on the Spot

Design Question #5: What will I do to engage students?

24. Noticing when Students are Not Engaged

The teacher scans the room making note of when students are not engaged and takes overt action.

Teacher Evidence

- Teacher notices when specific students or groups of students are not engaged
- Teacher notices when the energy level in the room is low
- Teacher takes action to re-engage students

Clarification for All Access Points Settings - Teacher Evidence

- Evidence above is applicable

Student Evidence

- Students appear aware of the fact that the teacher is taking note of their level of engagement
- Students try to increase their level of engagement when prompted
- When asked, students explain that the teacher expects high levels of engagement

Clarification for All Access Points Settings - Student Evidence

- Students appear aware of the fact that the teacher is taking note of their level of engagement
- Students try to increase their level of engagement when prompted
- When asked, students recognize that the teacher expects high levels of engagement

Noticing when students are not engaged	Adapts and creates new strategies for unique student needs and situations.	Scans the room making note of when students are not engaged and takes action and monitors the extent to which students re-engage.	Scans the room making note of when students are not engaged and takes action.	Uses strategy incorrectly or with parts missing.	Strategy was called for but not exhibited.

Reflection Questions

	Innovating	Applying	Developing	Beginning	Not Using
Noticing when students are not engaged	What are you learning about your students as you adapt and create new strategies?	How might you adapt and create new strategies for noticing when students are not engaged that address unique student needs and situations?	In addition to scanning the room, making note of when students are not engaged and taking action, how can you monitor the extent to which students re-engage?	How can you scan the room making note of when students are not engaged and take action to engage students?	How can you begin to incorporate some aspects of this strategy into your instruction?

District School Board of Pasco County

Instructional Personnel Observation/Evidence Tool for Access Points Settings

25. Using Academic Games
The teacher uses academic games and inconsequential competition to maintain student engagement.
Teacher Evidence <input type="checkbox"/> Teacher uses structured games such as Jeopardy, family feud, and the like <input type="checkbox"/> Teacher develops impromptu games such as making a game out of which answer might be correct for a given question <input type="checkbox"/> Teacher uses friendly competition along with classroom games
Clarification for Secondary InD- Independent Level Settings - Teacher Evidence <input type="checkbox"/> Evidence above is applicable
Clarification for Supported and Participatory ASD and InD and Elementary Independent Level Settings - Teacher Evidence <input type="checkbox"/> Teacher should focus on cooperative games
Student Evidence <input type="checkbox"/> Students engage in the games with some enthusiasm <input type="checkbox"/> When asked, students can explain how the games keep their interest and help them learn or remember content
Clarification for Secondary InD- Independent Level Settings - Student Evidence <input type="checkbox"/> Evidence above is applicable
Clarification for Supported and Participatory ASD and InD and Elementary Independent Level Settings - Student Evidence <input type="checkbox"/> Students engage in the games with some enthusiasm
Scale Levels: (choose one) <input type="checkbox"/> Innovating <input type="checkbox"/> Applying <input type="checkbox"/> Developing <input type="checkbox"/> Beginning <input type="checkbox"/> Not Using <input type="checkbox"/> Not Applicable

Scale

Instructional Personnel Observation/Evidence Tool for Access Points Settings

26. Managing Response Rates
The teacher uses response rate techniques to maintain student engagement in questions.
Teacher Evidence <input type="checkbox"/> Teacher uses wait time <input type="checkbox"/> Teacher uses response cards <input type="checkbox"/> Teacher has students use hand signals to respond to questions <input type="checkbox"/> Teacher uses choral response <input type="checkbox"/> Teacher uses technology to keep track of students' responses <input type="checkbox"/> Teacher uses response chaining
Clarification for Secondary InD- Independent Level Settings - Student Evidence <input type="checkbox"/> Evidence above is applicable
Clarification for Supported and Participatory ASD and InD and Elementary Independent Level Settings - Teacher Evidence <input type="checkbox"/> If using curriculum modifications and visual supports, evidence above is applicable
Student Evidence <input type="checkbox"/> Multiple students or the entire class responds to questions posed by the teacher <input type="checkbox"/> When asked, students can describe their thinking about specific questions posed by the teacher
Clarification for Secondary InD- Independent Level Settings - Student Evidence <input type="checkbox"/> Evidence above is applicable
Clarification for Supported and Participatory ASD and InD and Elementary Independent Level Settings - Student Evidence <input type="checkbox"/> Multiple students or the entire class responds to questions posed by the teacher <input type="checkbox"/> When given choices, students can indicate or show their thinking about specific questions posed by the teacher
Scale Levels: (choose one) <input type="checkbox"/> Innovating <input type="checkbox"/> Applying <input type="checkbox"/> Developing <input type="checkbox"/> Beginning <input type="checkbox"/> Not Using <input type="checkbox"/> Not Applicable

Scale

Uses verbal and nonverbal behaviors that indicate caring for students and monitors the quality of relationships in the classroom.	Uses verbal and nonverbal behaviors that indicate caring for students.	Uses strategy incorrectly or with parts missing.	Strategy was called for but not exhibited.

Reflection Questions

	Innovating	Applying	Developing	Beginning	Not Using
Using verbal and nonverbal behaviors that indicate caring for students	What are you learning about your students as you adapt and create new strategies?	How might you adapt and create new strategies and techniques for using verbal and nonverbal behaviors that indicate caring for students that address unique student needs and situations?	In addition to using verbal and nonverbal behaviors that indicate caring for students how can you monitor the quality of relationships in the classroom?	How can you use verbal and nonverbal behaviors that indicate caring for students?	How can you begin to incorporate this strategy into your instruction?

Design Question #9: What will I do to communicate high expectations for all students?

39. Demonstrating Value and Respect for Low Expectancy Students

The teacher exhibits behaviors that demonstrate value and respect for low expectancy students.

Teacher Evidence

- When asked, the teacher can identify the students for whom there have been low expectations and the various ways in which these students have been treated differently from high expectancy students
- The teacher provides low expectancy with nonverbal indications that they are valued and respected:
 - Makes eye contact
 - Smiles
 - Makes appropriate physical contact
- The teacher proves low expectancy students with verbal indications that they are valued and respected:
 - Playful dialogue
 - Addressing students in a manner they view as respectful
- Teacher does not allow negative comments about low expectancy students

Clarification for All Access Points Settings - Teacher Evidence

- Evidence above is applicable

Student Evidence

- When asked, students say that the teacher cares for all students
- Students treat each other with respect
