

DISTRICT SCHOOL BOARD OF PASCO COUNTY

Kurt S. Browning, Superintendent of Schools

FCAT 2.0 and EOC

District students outperformed the state on Biology, Geometry, and U.S. History end-of-course exams while matching the state passing percentage in Algebra. Students showed improvements in the percent performing at or above achievement level 3 (satisfactory) on all but 4th and 7th grade reading and 5th grade science. Overall, fewer students scored at level one on elementary and middle school math, reading, and science and more students scored at high proficiency levels (level 4 and 5) in science and reading.

Information Communication Technology Literacy Coach

The position of Information Communication and Technology Literacy Coach is necessary to provide our schools with support integrating technology into the instructional program and students' development of ICT literacy skills through modeling, coaching, and collaboration. Each school will have at least one ICT literacy coach.

Instructional Trainer Coach for Literacy

The position of Instructional Trainer/Coach for Literacy position is in place to provide our schools support in planning and implementing standards based literacy instruction through modeling, coaching and collaboration. ITCs for Literacy, Math and Science may be hired in Title 1 schools and placed at high need schools.

Check Out Canvas

What does the future of teaching and learning look like? It will require that we harness the power of technology to extend learning outside the walls of classrooms, schools, and even the community. While teachers are taking a well-deserved summer vacation, an exciting new learning management system is taking shape here in Pasco County. Learn more about it and get a sneak peek at <http://vimeo.com/51408381>. The 2013-2014 school year will be an exciting one. See how you can transform teaching and learning with your blank Canvas.

Quail Hollow Helps Oklahoma Tornado Victims

Quail Hollow Elementary School students and staff came up with a great idea for what to do with the supplies they won't need while the school is closed for renovations the next two years. They filled five boxes with paper, pencils, and other supplies to send to Moore, OK, where one elementary school was completely destroyed and another was damaged by the May 20 tornado. The problem was determining where to send the boxes where they could be certain that the supplies got to the intended recipients.

After searching online for a collection center and realizing that the Red Cross and Salvation Army don't guarantee that the intended recipients will be the ones who receive the donations, the Communications Department contacted the Moore Public Schools Maintenance director via email to get an address. This is the response they received:

Thank you so much for thinking of us in Moore. We would consider your donation such a blessing. You can send the school supply donations to the following address:

**Fisher Elementary
c/o Moore Disaster Donations
11800 Southwood Dr.
Oklahoma City, OK 73170**

God bless you!

Dr. Jason Perez
