

DISTRICT SCHOOL BOARD OF PASCO COUNTY

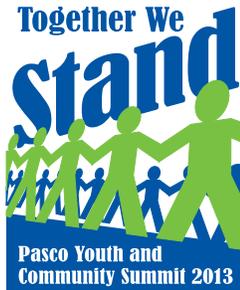

Kurt S. Browning, Superintendent of Schools

Together We Stand

On June 27, 2013, Wesley Chapel Center for the Arts will bring together a group of high school students, parents, educators, and community leaders to work on the essential question, "How do we create more peaceful and inclusive schools and community?"

The goal of this event is to start a dialogue that will help build resiliency and reduce youth violence, including bullying.

Contact the Office for Student Support Programs and Services at (813) 794-2362 with any questions.

Did you know? *There were 611 Pasco County students who earned a perfect score on the Reading, Mathematics, or Science FCAT this year. Congratulations!*

Title I P.E.A.C.E. Camp

Select students from 34 Title I schools will attend week-long summer camps starting June 24, July 1, and July 8 at the Energy Marine Center, Starkey Environmental Education Center, Safety Town, and the Florida Aquarium (elementary) or Dames Caves (secondary).

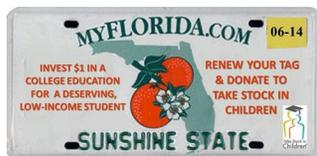

Students will be exposed to technology-infused environmental science lessons while taking part in field experiences at these four unique environments using iPads and other cutting-edge technology for problem solving in authentic learning situations.

“Tag, You’re It”

Remember playing tag as a child? Now Florida drivers can “play tag” and help send a deserving, low income Florida student to college. Take Stock in Children recently announced that now when drivers renew their **Florida license tags and registration**, they can make a **voluntary contribution to Take Stock in Children**, the state flagship mentoring program. As one of twenty-four online voluntary contribution options, Take Stock in Children is the **only choice** for those individuals who want to provide college scholarships and mentors for deserving, low-income children. Best of all, contributions stay in the county where they are made and will be used to purchase college scholarships for Take Stock in Children scholars.
