September 8, 2026

Dear Honorable School Board Members:

The proposed budget of the School Board of Pasco County, Florida for fiscal year 2026-2027 is submitted herewith. This budget has been developed based on the mission and strategic goals of the School Board. The budget includes all Governmental and Proprietary Funds of the District and the proposed tax rate for the 2026 calendar year.

DESCRIPTION OF BUDGET PROCESS

Florida Law requires the School Board to adopt a balanced budget each fiscal year for all funds under its authority which include: General Fund, Debt Service Funds, Capital Outlay Funds, Special Revenue Funds, and Trust & Agency Funds.

The law is specific in defining the process and timetable to be followed in adopting the budget and ad valorem property tax millage rates. By law, the School Board must conduct two public hearings on the proposed budget and millage rates.

CERTIFICATION OF ASSESSED VALUE OF TAXABLE PROPERTY

The County Property Appraiser is required by law to certify to each taxing authority in the County the assessed value of all non-exempt taxable real property, which was \$70,605,973,836 for calendar year 2026. The Property Appraiser, who is independent of the School Board, is required to provide this certification no later than July 1 each year.

PROPOSED TAX

Based on the 2026 tax roll provided by the Department of Revenue and certified by the Commissioner of Education on July 17, 2026, the following is a summary of the proposed millages to be levied on the 2026 tax roll for the 2026-2027 fiscal year:

	Proposed 2026-2027	Final 2025-2026	Increase/ (Decrease)
State Required Local Effort	2.936	3.026	(0.090)
Prior Period Adjustment	0.000	0.000	0.000
Local:			
Discretionary Effort	0.748	0.748	0.000
Voted Additional Levy*	1.000	1.000	0.000
Local Capital Improvement Millage	1.500	1.500	0.000
Total Millage Levy	6.184	6.274	(0.090)

* The Board has the authority to levy an amount not to exceed one (1) mill annually.

The taxable value of property in Pasco County has experienced an increase this year. The tax base increased \$3.7 billion to a total of \$70.6 billion and reflects an increase of 5.57% in the tax base. The required local effort is set at a millage rate of 2.936. The local capital improvement millage will remain at a millage rate of 1.500. The discretionary effort millage is set at a rate of 0.748 and generates an average of \$534.63 per unweighted full-time student. A compression adjustment is calculated to equalize funding to all school districts at the State average level of \$901.67. Since the required local effort is set by the Legislature each year, the District School Board has limited flexibility in determining the millage. In addition, state law requires the District to levy the full discretionary amount in order to receive \$618.7 million in state education funding.

In August of 2022, the voters of Pasco County approved a four-year millage referendum authorizing the Board to levy up to an additional one (1) mill in each of the four years covered by the referendum. The purpose of the salary referendum is to increase salaries and support retention of non-administrative staff including teachers, bus drivers, food and nutrition staff, and custodians. This funding has allowed the District to increase the starting teachers' salary by \$3,000 with an average teacher supplement of \$6,050. The projected revenue based on a 96% collection rate for FY 2026-2027 is \$67,781,735. The referendum will be on the ballot for renewal in November 2026. Salaries would be reduced by an average of 12% for eligible employees without the renewal.

Under the proposed rate, the owner of a \$350,000 home, after deduction of the \$25,000 homestead exemption, would pay \$2,009.80, which is a decrease of \$29.25 from 2025 millage rates.

	School Taxes 2026-2027	School Taxes 2025-2026
ASSESSED VALUE	\$ 350,000	\$ 350,000
Less: Homestead Exemption	(25,000)	(25,000)
Taxable Value	\$ 325,000	\$ 325,000
MILLAGE	Amount	Amount
Required Local Effort*	\$ 954.20	\$ 983.45
Prior Period Adjustment	-	-
Voted Additional Levy	325.00	325.00
Discretionary Effort*	243.10	243.10
Capital Projects	487.50	487.50

ADVERTISEMENT OF FINAL BUDGET AND PROPOSED MILLAGE RATES

The Superintendent of Schools is responsible for recommending a tentative budget and proposed ad valorem property tax millage rates to the School Board. By law, the School Board must advertise a tentative budget and the proposed millage rates within 29 days after receiving the certification from the Property Appraiser. The advertisement contains a budget summary, proposed millage rates, and a notice of the date and time of the first public hearing on the budget. The advertisement for the Proposed Tentative Budget was published on the Pasco County Schools website on Friday, July 24, 2026. The Tentative Budget hearing was held on Tuesday, July 28, 2026, at 6:00 p.m. in the school board meeting room.

The County Property Appraiser notifies each property owner, in mid-August, of the amount of the property tax levies proposed by each taxing authority in the form of a Truth-In-Millage ("TRIM") notice. This notice details the actual tax levies for the prior year and the proposed tax levies for the current year. The tax notice will also inform the taxpayer of the date, time, and address of the final public hearing.

SECOND (FINAL) PUBLIC HEARING

The second public hearing is required to be held at least 65 days, but not more than 80 days after receiving the tax roll certification from the Property Appraiser. After this public hearing, the School Board will adopt a resolution stating the ad valorem property tax millage rates to be levied and adopt the final budget. The Final Public hearing is scheduled for September 8, 2026, at 6:00 p.m., in the school board meeting room.

BUDGET REGULATIONS

The budgetary accounts of the District are grouped into funds in accordance with Generally Accepted Accounting Principles (GAAP) and standards prescribed by the Florida Department of Education. The *Financial and Program Cost Accounting and Reporting for Florida Schools* manual has established a modified accrual basis of accounting as the standard for governmental fund budgeting and reporting. All Florida school districts must adhere to this basis.

The budget document contains information for each fund or fund groups of the District for which a budget must be adopted. Budgetary control is maintained at the fund/function/object level. Each principal or department director is responsible for their respective budget. No expenditures are authorized for more than the budgetary appropriations. As with any projection, however, changes to appropriations are necessary to meet needs as they are identified. Therefore, budget amendments are prepared monthly and submitted to the School Board for approval.

Comparison of Budget – All Funds

The total budget for all funds for the 2026-2027 fiscal year is \$2,326,913,451. This is an increase of \$21,129,026 or 0.9% above from the 2025-2026 budget. The 2026-2027 total budget figure reflected below includes a General Fund operating budget of \$1.1 billion and a Capital Projects budget of \$613.3 million.

The following schedule presents a comparison of the proposed budgets for all Governmental and Proprietary Funds of the District.

GENERAL FUND

The General Fund serves as the primary operating fund of the District and is the largest fund in the District's budget. It includes all annual local and state funding along with federal funding, as well as the District's required reserve funding. All general tax revenues and other receipts not allocated by law or by contractual agreement to another fund are accounted for in this fund. Daily operating costs such as personnel salaries and benefits, transportation, utilities, materials, and supplies are reflected in this fund.

The 2026-2027 budget for General Fund is \$1,179,252,514 an increase of \$51,647,592 million or 4.6% above the 2025-2026 budget. This increase is primarily attributable to a \$16.5 million increase in Family Empowerment Scholarship (FES) and a \$14.9 million increase for charter school passthrough funding, totaling \$31.4 million.

This year, Pasco County Schools is proud to share that the Florida Department of Education has awarded the District an “A” rating, recognizing the unprecedented academic growth achieved across the District.

The District anticipates completing the Cypress Elementary and Gulf Middle School remodels in December 2026, with students transitioning into the new facilities in January 2027. The Kirkland Ranch K8 classroom wing is expected to be completed by summer 2027. Two Rivers K8 and the District's newest high school, currently designated as “OOO” located in the Wiregrass area, are anticipated to open for the 2028 school year.

Additional school reconfigurations include:

- Pasco Elementary School and Pasco Middle School will combine into Pasco K8.
- Gulfside Elementary School and Paul R Smith Middle School will combine into Paul R Smith K8.
- Lacoochee Elementary School will be adding 1 grade per year starting in 2026-2027 until they become a K8.
- 7 Additional VPK classrooms have been added at Bexley Elementary, Connerton Elementary, Denham Oaks Elementary, Double Branch Elementary, Oakstead Elementary, and Shady Hills Elementary.

Despite continued growth in Pasco County, the District is continuing to project a decline in traditional school enrollment of 2,301 unweighted full-time equivalent (UFTE), primarily due to the expansion of charter schools and increased participation in the Family Empowerment Scholarship (FES) program. Two new charter schools, Mater Academy Northwood Elementary School, and Mater Academy Northwood Middle School are scheduled to open for the 2026–2027 school year. Overall, Pasco enrollment for all areas anticipates a net increase of 932 (UFTE) for traditional, FES, and charter students.

The District's financial stewardship is evidenced by strong ratings from Fitch Ratings for its financial stability and management. Specifically, the District's Issuer Default Rating (IDR) is rated at 'AA' with a stable outlook. This rating reflects the District's strong financial performance, limited local economy, manageable capital costs, and adequate coverage for debt. Fitch assigned an 'AA-' rating for the District's Certificates of Participation (COPs) with a stable outlook. This rating indicates a strong capacity to meet financial commitments, specifically related to the COPs and reflects the District's financial health and stability.

In addition, to the District's core mission of delivering a high-quality education to every student, the District must comply with a range of state and federal mandates, many of which extend beyond traditional educational responsibilities. These requirements reflect the District's broader role as a key community partner. For example, the District supports emergency shelters with staff and facilities, operates early childhood programs and community school sites, collaborates with local governments on community planning, provides meals to students during the school year and summer, and contributes to efforts addressing homelessness. Despite limited resources, the District remains committed to fulfilling these responsibilities while prioritizing student needs and streamlining operations for greater efficiency.

Resources to Support Operations

The District derives its operating income from a variety of federal, state, and local sources. The major categories of income sources for the General Fund are briefly described below. The District expects to receive 51.9% of the General Fund financial support from state and federal sources and 28.9% from local sources. The remaining 19.2% is comprised of transfers from other funds and carry forward fund balances (restricted and unrestricted).

State Support

This budget represents the funding level currently certified by the Department of Education on July 17, 2026.

Florida Education Finance Program Funding

The Florida Education Finance Program (FEFP) provides funding for General Fund expenditures. The funding formula requires a combination of state and local sources to fund education. For 2026-2027, FEFP funds provided to Pasco County comprise a total of \$868,416,407. Of that amount, the state is providing \$618,708,496 and local property taxes are providing \$249,707,911.

The State of Florida's base student allocation (BSA) increased from \$5,372.60 to \$5,457.60, an increase of \$85.00 from the amount funded during 2025-2026. During the 2025 legislative session, a new categorical was introduced, referred to as the Academic Acceleration Options Supplement; for 2026-2027 funding is anticipated to be \$14,585,832. The categorical funds accelerated programs include Advanced Placement (AP), International Baccalaureate (IB), Cambridge Advanced International Certificate of Education (AICE), Dual Enrollment (DE) and Industry Certification Education (ICE). The categorical will ensure funds are used toward academic acceleration initiatives such as exam costs, teacher stipends, materials and professional development.

Included in the FEFP formula are allocations for Exceptional Student Education (ESE) totaling \$43,045,462 to be used for educational programs and services for exceptional students. The Educational Enrichment Allocation totaling \$25,961,906 will be used to provide supplemental instruction, reading instruction, after-school instruction, tutoring, mentoring, and the extended school year program.

Family Empowerment Scholarships (FES) are retained within the district FEFP allocated funding and estimated to be \$87,558,541, net of the State Funded Discretionary Supplement. FES expands available school choice options for all students in Florida, thus the funds are considered a passthrough and revenues and appropriations are removed in future budget amendments.

State Categorical Programs

The State designates a portion of FEFP funds for specific purposes, restricting the District's discretionary use of these funds.

A summary of the Categorical Funding, which remains restricted, is described below:

Categorical Funding	Amount
Class Size Reduction	\$ 82,521,640
Educational Enrichment Allocation	25,961,906
Academic Acceleration Options	14,585,832
Safe School	7,528,465
Mental Health	5,391,226
Total	\$ 135,989,069

Local Support

The primary source of local revenue is ad valorem real and tangible personal property taxes. School Boards are not empowered to levy any other taxes. In addition, the District earns interest on cash invested and collects other miscellaneous revenues.

Budgeted revenues from ad valorem taxes are based on applying millage levies to 96% of the non-exempt assessed valuation of real and personal property within Pasco County. Local taxes are presently projected to be \$249,707,911. The District is anticipating approximately \$67,781,735 of local revenue upon the Board authorizing an additional one (1) mill levy. The referendum funds will be used for staff supplements as stated above and a proportionate share will be provided to the charter schools and is estimated to be \$8.6 million.

Federal Sources

Federal revenue sources do not represent a sizable portion of the District's operating fund and are projected to increase in the 2026-2027 fiscal year related to receiving Alternative Fuel Rebates.

DEBT SERVICE FUNDS

The Debt Service Fund is used to account for the accumulation of resources that are restricted for the payment of general long-term debt principal and interest. The District's debt service funds are accounted for in three groups as follows:

- **State Board of Education Bond Fund** - To account for payment of principal and interest on various bond issues serviced by the State of Florida on the District's behalf.
- **District Revenue Bonds Fund** – To account for payment of principal and interest on Motor Vehicle License Tax Revenue Bonds, which are secured by racetrack funds and jai alai fronton funds received annually by Pasco County pursuant to Chapter 79-548, Special Acts of 1979, Laws of Florida.
- **Debt Service Other Funds** – To account for the accumulation of resources that are restricted for the payment of principal and interest on long-term obligations of the governmental funds.

The 2026-2027 budget for the Debt Service Fund is \$80,969,607, a decrease of \$12.4 million or 13.3% below the 2025-2026 budget due to the terms of financing agreements and principle and interest payments.

The District is required to prioritize debt service payments before any other expenditure. In May 2026, the COPS 2013A, COPS 2015A, and COPS 2016A bonds were refunded into COPS 2026A with All-In True Interest Cost, Net Present Value saving of \$2,009,260.

CAPITAL PROJECTS FUNDS

Capital Projects Funds contain revenue from both sales tax and a local property 1.5 millage rate. The District uses funds for the acquisition and construction of major capital facilities, improvements to existing facilities, the maintenance of approximately 1,400 buildings across the County, and to account for the purchase of land, equipment, technology equipment, buses, and motor vehicles. The district accounts for Capital funds as follows:

- **Public Education Capital Outlay (PECO) Fund** – To account for Gross Receipts Taxes to be used for construction, remodeling, renovation, and site improvement of educational facilities. The District does not retain these funds; they are passed through directly to Charter Schools.
- **District Revenue Bonds Fund** – To account for special act bond proceeds to be used for construction, remodeling, renovation, and site improvement of educational facilities.
- **Capital Outlay and Debt Service Funds** – To account for the excess dollars from the debt service funds used for construction and maintenance of schools. The District's allocation from the state of Florida's CO&DS Program is used to fund projects such as the construction of new schools, including capital equipment and additions to existing schools.
- **Local Capital Improvement Funds (Millage Funds)** – To account for funds received from the assessment of property taxes for construction and maintenance of schools. The Board has the authority to levy a capital millage rate up to 1.5 mills for projects advertised in the Notice of Tax for School Capital Outlay on page 25 and included in the Five-Year Capital Plan on page 74. During the 2023 legislation the State passed HB 1259 requiring the District to share revenues from capital millage with Charter Schools. The amount provided is based on the Capital Outlay FTE (COFTE). An allocation of 80% of the funds are appropriated this year with an increase of 20% per year over the next year, the 2026-2027 charter school share is estimated to be \$2,171,462.
- **Other Capital Funds** – To account for the financial resources (e.g., certificates of participation, capital outlay sales tax, and capital leases) to be used for educational capital needs, including new construction, renovation and remodeling projects. The District accounts for School District impact fees used to increase student capacity, Pasco County Sales tax referendum - Penny for Pasco funds, and the expenditures related to sales tax bonds. For 2026-2027 the District received a state appropriation for Pasco High School in the amount of \$5.5 million.

The 2026-2027 budget for the Capital Projects Funds is \$613,394,021, which reflects a decrease of \$33 million or 5.1% below the 2025-2026 budget.

Estimated Revenues

In March 2004, the voters of Pasco County approved a one-cent sales tax (Penny for Pasco) authorized under Section 212.055(6), Florida Statutes. The Board receives 45 percent of the one-cent sales tax. The surtax levy commenced on January 1, 2005 and remained in effect for a period of ten years through December 31, 2014. Voters signaled their approval for the continuation of the sales tax for another ten years, beginning in January 2015. A third renewal was placed on the ballot for the November 8, 2022, election and approved by the voters, extending the Penny for Pasco Surtax for another fifteen years, beginning in January 2025.

The District established the Penny for Pasco Oversight Committee to help monitor the needs and allocation of funding. The projected revenue from "Penny for Pasco" is expected to generate approximately \$787 million over the current authorization that will be used to provide needed repairs and renovations to aging schools. It will also be used to improve energy efficiency in schools, retrofit, and equip older schools with the technology students need to succeed in the 21st century. The Penny for Pasco is projected to generate \$51.9 million for the current fiscal year.

Key projects include the construction of Gulf Middle School, Kirkland Ranch K8 Classroom Wing, Two Rivers K8 and New High School "OOO", a full renovation of Cypress Elementary School, and the reconstruction of athletic facilities at Pasco High School, Land O Lakes High School, and Hudson High School. Funds are also designated to repay the principal and interest outstanding for Certificates of Participation and Sales Tax debt and lease payment obligations.

In Spring 2025, the District launched a multi-year initiative to replace classroom accordion doors with permanent walls. The project, estimated at \$1 million annually over three years, is designed to reduce instructional disruptions and enhance the learning environment. To date, 644 classrooms have been upgraded, with schools reporting enhanced classroom management and reduced noise-related distractions. The accordion door removal project is scheduled to be completed this year.

The District remains focused on campus safety, continuing to expand the use of Radio Frequency Identification (RFID) at school entry points and enhancing perimeter security through new fencing installations and upgrades. Furniture modernization is also a priority, with six additional schools scheduled for furniture refresh in summer 2027. Additional projects include cafeteria renovations, HVAC repairs and replacements, roofing, and infrastructure upgrades at various schools. Other uses of capital funds include maintenance and improvements of existing facilities, property insurance, purchasing capital equipment and technology and replacement of buses, vehicles, and portables.

The total amount projected to pay premiums in fiscal year 2026-2027 is \$95,054,635. The contribution for premiums for the casualty liability, workers’ compensation claims, and administrative costs is \$8,743,761. The District also operates six Health and Wellness Centers, to help defray costs associated with health care for employees and workers’ compensation services.

ASEP will operate in twenty-eight elementary schools during the regular 2026-2027 fiscal year and is expected to serve approximately 2,500 students during the school year and summer months. The increase in the budget is primarily due to an increase in student enrollment in the after-school enrichment programs.
- **Vending Program Fund** – To account for the operations of the food and beverage machines throughout the District.

The 2026-2027 budget for the Enterprise Fund is \$20,609,851 an increase of \$1.5 million or 8.0% above the 2025-2026 budget.

CONCLUSION

The budget is designed to ensure the smooth delivery of effective school operations while prioritizing the needs of Pasco's students and the community. It is important for the District to have the flexibility to adapt to changing conditions during the year and to provide adequate reserves for the future. The budget development process reflects State mandates, School Board actions, and careful planning. Budget development, review, and consideration were completed with a detailed analysis of every revenue and expenditure category within the context of the School Board's strategic goals, mission, and financial policies.

As with any projection, this budget will change during the year as needs develop and critical areas are identified. Budget amendments will be submitted to the School Board for approval during the year to make the best use of available resources and maximize opportunities for the students of Pasco County. We hereby submit and recommend this budget to the Pasco County School Board for the fiscal year 2026-2027.
