DISTRICT SCHOOL BOARD OF PASCO COUNTY
INSTRUCTIONS FOR COMPLETING THE INVESTIGATION OF STUDENT INJURY / ACCIDENT REPORT

AN INVESTIGATION OF STUDENT INJURY / ACCIDENT REPORT MUST BE COMPLETED WHEN:

- The school administrator or designee has knowledge that an injury/accident has occurred.
- An injury requires medical treatment or will take the student out of school as a result of the injury.
- An ambulance is called, regardless of whether or not the student is actually transported.
- A parent or guardian notifies the school that they have taken their child to a doctor because of an injury received while at school.
- The injury may have been caused due to the physical condition of school ground(s), equipment, the facility, or by a staff member.
- An injury experienced while on a field trip that requires first aid or professional medical attention.
- Instances that involve a parent/guardian being notified that their student was injured at school.

For Transportation- Any injury that occurs on a school bus during routine transportation activities. Such incidents will be documented and reported by Transportation Services in accordance with their student injury reporting procedures and with the assistance of the school administrator if necessary.

ALL SECTIONS SHOULD BE COMPLETED IN THEIR ENTIRETY AS FOLLOWS:

- **STUDENT INFORMATION:**
 - All fields in this section must be accurately completed with the injured student's information.
 - Be sure to ask and indicate whether or not the student has School Accident Insurance.
- **ACCIDENT INFORMATION:**
 - All fields and appropriate boxes in this section must be accurately completed with the requested information regarding the incident.
 - Identify any individuals present at the time of the incident, including but not limited to staff, visitors, volunteers and students. Include the names of all potential witnesses.
 - Provide a detailed description of what witnesses reported and/or what the student relates happened. When describing the incident, include the body part(s) injured including right or left if applicable. Attached additional pages if necessary.
 - Be sure to identify any video surveillance of the incident and make arrangements to preserve the surveillance.
 - Follow-up with the student's parent/guardian to get an update on the student's status and treatment information.
 - Provide any further comments about this incident, including any suggestions for what might prevent this type of incident in the future on a separate piece of paper.

Once all sections are complete, the administrator or designee completing the form must print and sign their name, followed by the date the form was completed. Please and submit the completed form together with any attachments to Risk Management.

Administrators are encouraged to review and use the information collected on this form to influence policies and procedures as needed to remedy and prevent reoccurring hazards.
